A train left for Waianae at 11 o'clock this morning.

The Claudine, James Makee, and Kauai arrived to-day.

The band will play at Emma Square this afternoon at 4 o'clock.

The St. Andrews' Priory school will open on Monday morning at 9 o'clock.

A Japanese man-of-war is expected to arrive here about the middle of the month.

The regular evening services at all churches will be resumed tomorrow night.

Mrs. C. A. Brown and family and Miss Clara Low returned from Hawaii this morning.

Professor Hayne has published the October number of the Hawaiian and it is as spicy as usual.

Plaid Dress Goods are "all the rage," and you can find them with Trimmings to correspond at N. S. Sachs', 520 Fort street.

"Sullivan's" drum can be heard distinctly from the quarantine island. It was that probably which gave rise to the filibuster scare.

Whooping cough is still very bad in the city. Many people think it would have been wise to have kept the schools closed a little longer.

The Salvation Army held its first evening meeting last night since the cholera epidemic. A large crowd was in attendance at the tent of the army.

The cricketers ought to turn out in full number at the practice which will take place at the new grounds of the club this afternoon at 4 o'clock.

A house on King street where one of the earliest cases of cholera appeared was burned this morning under the supervision of the Fire Department.

It is well understood now that the filibusters seen by Solomon Mahelona, were men dressed up for the occasion in the employ of the Marshal, who were in fear of losing their jobs.

All bills against the Board of Health incurred during the cholera epidemic up to and including October 5th are ordered to be presented at the office of the Board not later than Monday at noon.

L. B. Kerr received by the Miowera a fine stock of Valenciennes Laces in edgings and insertions. Finishing braids in rich assortment and novel designs, and a complete assortment of hosiery.

At St. Andrew's Cathedral, 17th Sunday after Trinity. Services as follows: 6:30 a. m., Holy Communion; 11 a. m., Morning Prayer and Sermon; 3:30 p. m., Pule Ahiahi; 7:30 p. m., Evensong and Sermon.

Somebody says that the "signals" attributed to filibustering schooners were partly rockets sent up by Geo. Fairchild upon his departure from the island, and partly caused by the language used by his fellow in misfortune, Mr. R. Spalding.

The Claudine brought a large number of passengers. Miss Eva Parker, the Misses Walker and Gay, who have been visiting at Mana, were among the kamaainas who do not fear cholera or filibusters.

Ladies making dresses for their girls before sending them to school will do well by calling at L. B. Kerr's store and inspect his fine stock of New Gingham, Printed Lawns, and English Prints.

According to the Advertiser the name of C. W. Ashford was coupled with the absurd filibuster scare yesterday. We have never yet connected genial Clarence's appearance with a barefooted, tattered crowd of villainous looking men as those seen by the police—but not arrested.

This is the proper time to get rid of the old germ-infected clothes and have some new built. For that reason L. B. Kerr has imported Navy Serges in all qualities and weights superior to anything ever seen here.

The political prisoners who have been working in Hilo, and recently were pardoned, returned to town this morning by the Claudine. Some of the boys were very loud in their praises of a well-known young society lady who came down on the steamer, and who, knowing them to be without funds, furnished them with the necessary means to reach their homes and anxiously waiting friends as quick as possible by using hacks.

California Grapes, Peaches, Nectarines, Apricots, Celery, Cauliflowers, Fresh Oysters and crabs are amongst the ice house, goods received on the Australia by the California Fruit Market, Camarinos & Company. The finest quality and the lowest price.

The private kindergarten of Miss Craig will be opened on Monday morning, Oct. 7th, at 9 o'clock. With Miss Craig there will be associated this year in the care of the kindergarten, Miss Pauahi Judd, a recent graduate of the Golden Gate Kindergarten Association, and also Miss Ella Thrum.

Captain Black celebrated the 64th anniversary of his birth yesterday and many were the congratulations tendered to the veteran printer, sportsman, and raconteur. In the evening a gay company of ladies and gentlemen invaded his premises and gave the captain a night of it. The after effect didn't tell on the ever-juvenile celebrant.

Last Night's Drill.

At the request of Mr. Dole the Board of Health decided that the military forces be allowed to turn out at night, and get ready to fight the cholera and the filibusters. The first drill was held last night, and coming directly after the filibuster scare of the day, was a cause of considerable sensation, and a large number of people turned out to see the braves who are to defend us, when the mounted patrol and the police again should chose to play hide-and-seek at Kalibi.

The men went through the usual street, riot, and skirmish drill, and some of the companies marched as far as the Waikiki road and the Makiki baseball grounds.

Before the drill Colonel McLean, formerly of the U. S. N., praised the men for their martial appearance and expressed a hope that the filibustering cut-throats soon would land. The soldiers evidently considered the wish of the gallant naval colonel out of place and very bad form, and did not respond in any enthusiastic manner at all. The volunteers do not care to be made a party to the filibuster farce to suit Colonel McLean or anybody else, in whose interest it is to keep up the present strength of the army—and the salaries.

Et Tu Brute!

Editorially the Advertiser writes: "W. R. Castle, our Minister at Washington, moved towards the diplomatic 'dead line,' if the newspaper interviews with him are correctly stated. He should have refused absolutely to discuss the past relations of our Government with that of Washington. No European diplomat would have felt it polite to have alluded to the past. Mr. Castle follows the American school of diplomats, who are accustomed to open discussion, without restriction, and he has many worthy examples before him. But, under the circumstances, it would be wiser to maintain a reticent attitude." Has W—R—Castle no friends?

Murder and Suicide.

A correspondent writes to us from Maui, that a young Hawaiian at Kula, Maui, last Saturday, killed his sweetheart and thereafter committed suicide by hanging himself. The couple were to have been married on the following day and no cause is assigned for the rash deed. The woman was found dead in the house, and the body of the man found hanging in a tree outside.

Further particulars were not obtainable at the time of the departure of the steamer.

Will of Poomaikelani.

Will of the late Princess Poomaikelani has been filed at the Probate Court. The estate of the deceased is valued at about \$25,000. Bequests are made to Iolani College, \$1000; Hilo Boarding School, \$500; St. Andrews' Cathedral, \$1500; Kapiolani Maternity Home, \$1000. The Queen Dowager is the residuary legatee.

In season or out of season every family should have a bottle of DIARRHOEA MIXTURE in the house. There is none better than DWIGHT'S, which has been dispensed by the HOLLISTER PHARMACY for the last twenty years.
